

Price List and Order Form 2010

All **Dümmen - Red Fox** products are now rooted in Rheinberg and therefore you may combine for same delivery any Dümmen products (including **Confetti** liners) in the marked section.

Prices -Please note that we have calculated all prices for the coming season, including surcharges for fuel and transport, at the exchange rate of 1.1€/£1 on all plants material imported from Europe. We hope that this will stabilise the invoicing but should the variation of the value, of the £ to the €, become excessive we shall apply a cur-

rency exchange adjustment to reflect a more realistic rate.

Delivery volumes - In order to make the best use of the cost of freight, we have set a price for orders at 3000 plants per delivery; if you require quotations for larger quantities please let us know. Alternatively, we will also be able to give you a price for smaller orders which will be calculated to your specific requirements.
